**BT-9100**

# Smart Touch BT-9100

*The sturdy, adjustable stand mechanism adapts to various business conditions.*

## Key Features

### Large, bright 15-inch colour TFT touch panel

The 15-inch colour TFT touch-screen display with 1024-768 XGA resolution and brilliant backlighting provides clear visibility for easy, accurate operation.

### High performance

A high-performance Intel® CPU and 1GB DDR2 memory assure speedy, reliable processing for busy retail operations. A flexible selection of I/O ports, four COM ports and four USB ports are available to support all your peripherals. You can also expand the standard 1GB memory up to 2GB as your business grows. The CF card slot is protected by a locking lid for greater security.

### Smart design

Designed to fit beautifully into any retail environment.

### Operator identification

Standard-equipment i-button input for quick, secure clerk identification helps clarify store operations and optimise management.

### Supported operating systems

Windows® XP Pro, Vista business.
